

Last November, Massachusetts voted 3 to 1 to:

- **Save Social Security, vital services and programs**
- **Increase taxes for wealthy individuals and corporations**
- **Create and protect jobs**
- **Redirect Pentagon spending to meet human needs**

Sequestration has made this fight more important than ever.

Budget-cutters in Washington have slashed Meals on Wheels, Head Start, Housing, Education, Fuel Assistance, Unemployment, Health Programs, AIDS Housing, and Family Violence Prevention. Jobs are being threatened and lost, and the President wants to cut even *more* social programs.

Budget for All Resolution!

With widespread support among voters across the state, the Massachusetts House and Senate are considering the **Budget for All** resolutions, S.1750 and H.3211. Make sure our State Legislature tells Congress to:

Prevent cuts to vital programs that help all of our families:

Social Security, Medicare, Medicaid, Veterans benefits and housing, food and unemployment assistance.

Create and protect jobs in fields like manufacturing, education, transportation, and other public services.

End corporate tax breaks, loopholes and offshore tax havens, so that wealthy individuals and corporations pay their fair share!

Redirect Pentagon spending to meet human needs. The US war budget is greater than the military spending of the next 10 largest military powers *combined*. While over half of the country's discretionary budget is being spent to prepare for war, millions of veterans and civilians are unable to get their basic needs met.

Ask your state Senator and Representative to vote for a
