

Jimmy Tingle for President: The Funniest Campaign in History

An evening of laughs in support of the Budget for All Referendum

Nationally known comedian, filmmaker, and commentator Jimmy Tingle has constructed another hilarious, thought-provoking and politically charged presentation based on his 2012 satirical run for office. As the founder of the "Humor for Humanity" party, Jimmy Tingle is running on his comedic record. The campaign underlines his passion and creative thinking on every issue the next president must grapple with from alternative energy to immigration to jobs and the national debt. Despite the seriousness of the issues confronting America and the world, Jimmy Tingle for President is The Funniest Campaign in History!
